

Signs for the Times:

Green is the new Black.

Compact is the new “can’t live without”.

Cost-Effective is Classic.

Synnex and AMX are teaming to bring a new world of possibilities to your customers through digital signage: ***Inspired Signage XPress 1000***

- **Energy Efficient** - Uses only 2 watts of power and generates very little heat.
- **Compact** - Has a tiny 1" x 6 1/4" X 3 1/4" form factor that can be tucked easily behind a display.
- **Easy to Deploy** - Simplified scheduling, content management and distribution features.
- **Subscription-Free Pricing** reduces TCO and maximizes user's investment quickly.
- **Robust Feature Set:**
 - Support for content in a broad array of formats (jpeg, png, gif, SVG, mpeg-2/4, H.264, wmv 9, ppt).
 - Flexible data integration for newsfeeds, etc.
 - Ability to play live video streams from a network video multicast source.
